

# PELAGIAN

The Pelagian was built 1965 at the Batservice Verft A/S Shipyard in Mandal, Norway, as a world-ranging luxury motor yacht. Her construction was to Lloyd's +100A1 yacht and +LMC classification, and she was stoutly built to travel the world's oceans in comfort and safety. With 2 x 230 HP main engines, Pelagian cruises at 9 knots and she has a range of over 8,000 nautical miles. Onboard water-makers and over 20 tons of fresh water in the tanks. Measuring 35 meters (114 feet) overall in length, her beam is 7.5 meters (24 feet) and her draft is 3.4 meters (11 feet), 245 tons.
